ALL COURSES OF NSE ACADEMY

Overview

A critical element of the financial sector reforms is the development of a pool of human resources having right skills and expertise in each segment of the industry to provide quality intermediation to market participants.

In 2016, we consolidated our education business under NSE Academy, our wholly-owned Subsidiary. Our educational programs business is administered by our wholly-owned Subsidiary, NSE Academy Limited, or NSE Academy, and offers programs in various aspects of banking, financial services, financial markets and financial literacy.

About NSE Academy

We conduct financial education workshops through NSE Academy to develop a new generation investors.

To introduce more first-time investors to the Indian markets and attract them to our exchange, our outreach, advertising and expansion initiatives seek to transform India's strong culture of saving into an "equity culture". We plan to intensify our outreach and advertising programs directed at younger Indians through our wholly-owned Subsidiary, NSE Academy, which promotes financial literacy as a necessary life skill. NSE Academy's initiatives, including partnerships with state and national school boards and schools, interactive courses on personal finance and certification programs, teach school children, homemakers and other non-finance professionals the value of investing, provide an introduction to the Indian capital markets and help to develop new market professionals.

A critical element of the financial sector reforms is the development of a pool of human resources having right skills and expertise in each segment of the industry to provide quality intermediation to market participants.

In 2016, we consolidated our education business under NSE Academy, our wholly-owned Subsidiary. Our educational programs business is administered by our wholly-owned Subsidiary, NSE Academy Limited and offers programs in various aspects of banking, financial services, financial markets and financial literacy.

Our NSE Academy Certification in Financial Markets, or NCFM, program is an online testing and certification program that tests the practical knowledge and skills required to operate in the financial markets. The NCFM program operates on our intranet and is administered through our designated test centers located across India.

NSE Courses: The courses at National Stock Exchange (NSE) are conducted by the NSE academy which is a wholly owned subsidiary of the NSE. Established with the objective of developing a talent pool to be supplied to the financial sector, the NSE courses cover different areas of finance such as financial markets, banking, financial services and financial literacy. The NSE academy offers NSE courses for beginners, NSE courses after 12th, NSE postgraduate courses, and NSE professional development courses. Aspiring candidates are advised to check the NSE courses eligibility norms before applying to any course. Some of them are NSE online courses which are conducted either as recorded classes or interactive sessions. Some of the NSE courses are conducted in the classroom mode. After the course, learners can explore careers in financial services and wealth management.

NSE Online Interactive Courses

NSE is one of the best online certification course providers. The NSE courses offered in an online interactive manner consist of lessons that are taught by a faculty member in the form of a live interactive session. Learners can access the course via a mobile, laptop or a tablet and even have access to recorded videos of the session for a limited period of time. The duration of most of the courses usually lasts between 10-20 hours. A few of them may last

more. The courses cover topics related to stock market and investing.

At the end of the session, learners will get a certificate of completion from the NSE Academy. The NSE online interactive courses are usually open to anyone having an interest to explore the subject matter contained in the course. It is suitable for beginners, undergraduate and postgraduate learners.

Following is a list of NSE online interactive courses

---	---	--	--------------

Besides the two NSE courses mentioned above, there are also certification programmes offered by National Institute of Securities Market (NISM) for which one can register through the NSE. These courses are designed as part of Continuing Professional Education (CPE) programmes for professionals and intermediaries in the securities market.

Other NSE Courses

Besides the above-mentioned NSE courses, the NSE Academy also offers a NSE Academy Certification in Financial Markets programme (NCFM) and NSE Industry Readiness Programme.

The NCFM programme covers a series of modules on different segments of the financial market, upon completion of which the learner will become a certified NSE market professional.

The NSE Industry readiness programme is meant to prepare students for a career in the BFSI industry. This NSE course covers two modules which students can attend one at a time namely - Banking & Insurance Module and Capital Markets Module.
