## **ALL COURSES OF BSE (BOMBAY STOCK EXCHANGE)**

## **BSE Courses 2023 - List of Graduation, Post Graduation, Professional, Vocational, International Courses**

**BSE Courses:** The BSE Institute has been established as a subsidiary of the Bombay Stock Exchange to impart financial education to young talent and make them job ready by teaching skills needed in the Banking and Financial Services Industry (BFSI) with a curriculum that takes into account the latest market trends. The faculty are drawn from market experts which helps learners in developing hands-on practical skills. The BSE courses include graduate, postgraduate and professional programmes that offer specialisation in domains such as financial markets, data science, financial technology, cyber security, financial journalism, securities law, and leadership development. The sheer length of the BSE courses list and certifications makes the BSE institute one of the largest providers of financial education in the world. The BSE courses are provided in classroom, online and hybrid mode.

### **BSE Courses Graduation**

There are numerous BSE courses after 12th that one can pursue. The BSE Institute graduate programmes intend to inculcate subject knowledge, critical thinking and decision making skills in the learner. The courses primarily focus on developing expertise in the area of international finance and encourage students to think from the perspective of an economist. Students are admitted into the BSE courses via an aptitude test followed by a personal interview with the course faculty.
